### POLICE DEPT. – (Staff contact: Police Sgt. Brett Ayers, PIO/Community Relations)

Congratulations to Officer Allen Rangel on successfully completing our field training program. Officer Rangel is originally from Long Beach California but has made Texas and the Nacogdoches Community his family's home. Officer Rangel comes from a family that serves their country and communities. Rangel's father was in the Marines and a police officer in California. Officer Rangel has been in the National Guard since 2015 and was recently deployed to Washington, DC for two weeks. If you were to ask Officer Rangel why he decided to join the National Guard and the police department he will tell you that it gives him a sense of purpose and some adventure. NPD is proud he has joined our family in serving the Oldest Town in Texas! (Exhibit B)

Many of you already know that Sgt. Terry Singleton and his wife, Donnan, have both been courageously battling cancer at the same time. We are thrilled to announce that Sgt. Singleton is back on his shift doing administrative work and his wife is doing better also. Terry is feeling well and happy to be back at work. Terry advised he's very appreciative to the City for allowing him to come back on light duty and he's anticipating being able to come back to full duty soon.

Terry would like the community to know just how much he and his wife appreciate the overwhelming support they've received and he feels "blessed to live in this community." (Exhibit C)

### LIBRARY - (Staff contact: Mercedes Franks, Library Manager, 936-560-2970)

Library staff is conducting its "reference transactions count" this week. This is a count of how many reference and teaching interactions the staff conducts in a given week. The information is one of the questions asked on the annual library report to Texas State Library and Archives Commission. Staff provides reference help via email, telephone, on its social media, and in-person with assistance ranging from helping customers with their Smartphone, to help with craft projects, to computer help.

The Friends of the Nacogdoches Library will resume their monthly book and materials delivery to seven assisted living facilities and nursing homes in Nacogdoches after it was disrupted in March 2020. To comply with COVID safety guidelines, library staff will work only with the activities director of each facility and deliver items by curbside on the appointed day. Residents can request items through their activities directors and they never incur any fines!
